

STATE IS STILL PRESENTING ITS EVIDENCE TO JURY

**Predict That Case
Will Go to Jury
in July**

(By The Associated Press)
WAUKEGAN, Ill., May 26.—The fifth week of the trial of Governor Le Roy Small closed tonight with the state still presenting documentary evidence from Chicago banks and packing companies in an effort to show the workings of the alleged conspiracy by which the governor, Lieutenant Governor Fred E. Sterling and Vernon Curtis are charged with defrauding the state of Illinois.

Today's testimony was given to identification of checks, notes, drafts and ledger sheets by George E. Holmes, assistant auditor of the Continental and Commercial National Bank. Thru him the state also introduced the bank's ledger records of the accounts of Governor Small and Lieutenant Governor Sterling during the years they were in the state treasurer's office and the account of the Grant Park Trust & Savings bank, owned by Vernon Curtis and his brother the late Senator Edward G. Curtis.

On cross-examination Mr. Holmes withdrew testimony that penciled notations of interest due on several notes of Armour & Co., sold by them to the Curtis brothers had been made by clerks of the Continental & Commercial Bank. C. C. LeFors, chief of counsel for the governor, also brought out that Mr. Holmes did not know Governor Small, Lieutenant Governor Sterling or Vernon Curtis. Attorneys here expect the state to complete their case by the end of next week or early in the week following.

Mr. LeFors said today that he had no definite idea how long it will take to present the defense, but estimated three weeks as a fair guess.

Predict Verdict in July.
Lawyers on both sides are predicting the case will go to the jury in time for a verdict early in July.

Next week the state is expected to put Edward E. Miller, present state treasurer on the stand to decide transactions in the treasurer's office when he succeeded Mr. Sterling in January of last year. More than 250 other state witnesses are under subpoena but few of them will be called according to the prosecution.

The ill feeling between the jury and the bailiffs, believed settled yesterday by the appointment of Judge Clair C. Edwards father as a third bailiff broke out again today after the elder Edwards considered and declined to serve. When the jurors took their morning walk they walked away from their elderly escort and ignored his commands to turn back. The bailiff was forced to follow until they decided to return.

A former bailiff who has been on leave of absence is to return Monday and has promised to walk the jurors five miles a day to consume their excess energy.

WORK OF G. H. HALL IS COMMENDED

Clarence J. Root, meteorologist in charge of the Illinois section U. S. weather bureau, recently inspected the station operated at Alexander under the direction of George H. Hall. Mr. Root has stated for publication that he found the equipment, which means the instruments, used by the observer, in unusually good condition. A new thermometer shelter has been ordered sent and will be installed by Mr. Hall as soon as received.

Mr. Root pays the Morgan county man this compliment: "We consider Mr. Hall one of our best observers out of the 76 in the entire state. His work is practically perfect."

CLINTON, Iowa, May 26.—Train service to the north of Clinton on the Iowa side of the Mississippi river is paralyzed today, as the result of washouts following a cloudburst that covered apparently the entire northern section of Clinton county late yesterday afternoon.

BURLINGTON IS BADLY DAMAGED BY CLOUDBURST

**Fills Cellars in Business
District and Stops
Traffic**

(By The Associated Press)
BURLINGTON, Iowa, May 26.—A cloudburst at 2 o'clock this afternoon has flooded Burlington's manufacturing and jobbing district, washing out sewers and torn up paving and done damage amounting to hundreds of thousands of dollars. Old Hawkeye Creek, long covered over with business streets and used as a sewer went on a rampage such as has not been known in many years, tearing out retaining walls and flooding cellars, washing down the streets. Where the old creek empties into the Mississippi it threw a wall of water far into the stream.

Work of rescuing material from the basements of the big wholesale grocery and produce houses was made practically impossible by the failure of the electric power due to the electrical storm that accompanied the deluge. The downpour continued until after 4 o'clock. Flooded streets and torn up pavement made it impossible to get from the residential section except over one viaduct.

Police and volunteer traffic directors were kept busy preventing accidents.

Superintendent of Streets Young has called for volunteers to help clear the debris. Chicago, Burlington & Quincy railroad tracks were flooded thru the city to a depth of from 6 inches to several feet and all trains were stopped here for two hours. It is impossible to get an accurate estimate of the damage.

Peoria Also Suffers
Peoria, Ill., May 26.—Thousands of dollars of damage was done to Peoria and surrounding territory this afternoon by a cloudburst which fell within a radius of several miles.

Work trains tonight are busy repairing railroad lines on several of which traffic was stopped. The rainfall was measured at the United States Weather Bureau as 1.7 inches.

The Rock Island Railroad was the principal line hit by the water. It is reported four hundred feet of track has been washed out. There has been no loss of life.

BEGIN TAKING OF TESTIMONY

(By The Associated Press)
CHICAGO, May 26.—Taking of testimony started today in the \$500,000 libel suit brought by Mayor Thompson against the Chicago Tribune because of articles published during the war which Mayor Thompson claims charged him with disloyalty. The first evidence offered by attorneys for Mayor Thompson was largely formal and was to establish the publication of the articles on which the suit is based. Weymouth Kirkland, attorney for the Tribune announced that former Governor Lowden of Illinois and the war governors of Minnesota and Wisconsin and other officials of these states are to be called as witnesses for the newspaper.

Mayor Thompson is expected to take the witness stand in his own behalf.

These officials, it was intimated, are to give evidence concerning the danger of rioting and disorder if the people's council for democracy had been permitted to act in their states.

In his statement to the jury today, Mr. Kirkland said that Mayor Thompson said there was no just cause for war, that he was against the draft act and violated the espionage act, failed to help the government sell liberty bonds and to help in war relief work, and was opposed to sending troops and munitions to Europe.

E. J. HOWELLS TO ATTEND LOS ANGELES CONVENTION

E. J. Howells formerly of Jacksonville, and now district manager for the Illinois Bell Telephone Co., is president of the Rotary club of Kankakee. Mr. Howells has written to Jacksonville friends that he is to be the representative of the Kankakee club at the Los Angeles convention. He will be accompanied by Mrs. Howells and will leave on the special train for the Chicago Monday night.

Dr. A. H. Dole, delegate from the Jacksonville club, will join the Jacksonville party at Roadhouse. The original announcement was that the special would run over this division of the C. & A., but it was subsequently determined to route it over the mainline thru Springfield.

DANVILLE MAN SHOT AND KILLED

Danville, Ill., May 26.—William F. Quest, member of an ice cream manufacturing firm here, was shot and killed tonight by a man supposed to be Nick Meyer, of Peoria. A card written by a St. Louis girl and addressed to that name at Peoria, was found in his pocket after his capture. Meyer refused to say anything about himself, or his motive.

MUSCLE SHOALS DEVELOPMENT BEING PLANNED

**Were Virtually Completed by Military
Committee Friday**

(By The Associated Press)
WASHINGTON, May 26.—A plan for development of the government's nitrate and power projects at Muscle Shoals, Ala., was virtually completed today by the house military committee. In many respects it conforms to that submitted by Henry Ford but contains certain modifications of the Ford proposals which in the opinion of some members makes the scheme the work of the committee. One important alteration of the Ford offer it was understood eliminates the steam power plant at Gorgas, Alabama, from the group. Another committee amendment would compel the purchaser or lessee to manufacture fertilizers and sell them to the public thru the period of the contract whether for 50 or 100 years. The minimum production would be calculated on 400,000 tons of ammonium nitrates annually, estimated to be equivalent to two million tons of finished fertilizers annually.

Chairman Kahn called representatives of the bidders into conference advised them of the committee's plan and requested that they inform the committee as quickly as possible whether the details were acceptable to their principals.

The men invited included W. B. Mayo and J. W. Worthington, spokesmen, Frederick E. Engstrom and Marion Butler, who represented the offer Mr. Engstrom gave the committee and Charles L. Parsons.

Three requirements had been approved by the committee, which would have to be accepted by any purchaser, lessee or user of the shoals properties before the committee consented to advocate the final agreement by congress, it was said.

There were that the properties at Muscle Shoals should be subject to the absolute right and control of the government at all times for the production of nitrates or other munitions and that nitrate plant No. 2 must be kept available for such usage.

That the bidders obligate themselves under strict terms to manufacture and sell fertilizers in time of peace to the public.

That the Gorgas steam plant be excepted from the properties at Muscle Shoals (which should be developed collectively). Mr. Martin notified the military committee that he disagreed with Attorney General Daugherty's opinion holding the contract under which the Gorgas plant was enlarged for the government to be invalid.

If necessary, the letter said the company would resist in the courts any attempted disposition of the plant to others than itself.

MANY TESTS BEING MADE OF WATER FROM CITY WELLS

The offer made by the water department of the city to test samples from wells resulted in nearly 50 tests. Supt. Stoldt when notified called to the well in question and takes samples of the water in a special container. Then with the test media at the disposal of the department it is possible within 48 hours to determine whether or not the water in the well is suitable for drinking purposes.

Practically every test thus far has shown the existence of bacteria to a dangerous degree. The service is not rendered for the purpose of condemning wells and gaining customers for the water department, but merely as a matter of public benefit. When a well is made and water found unsatisfactory for use Mr. Stoldt merely reports to the owner of the well that the water should be boiled as a matter of safety.

The address of Dr. Sears was characteristic, abounding in wit, pathos, humor, eloquence and sound advice. As he appeared before his audience he was greeted with applause, but remarked it wasn't very hearty and so it was repeated with vigor.

He said in part: "This is the largest class and the largest audience I have ever addressed and I have been doing this kind of work for many years. There is no place like home, dear old Illinois, Morgan county, Jacksonville, the best on earth."

"I never can speak without taking a text and my theme tonight is found in the words of the Creator to Joshua, 'Arise and Go Forward.' Moses, one of the greatest men the world ever produced had led the Children of Israel forty years and now at his death his mantle fell on Joshua, and had that young man declined to obey the history of the world would have been different.

"Joshua stood where all people must at some time stand. There are two crises in life, one of decision and one of action, and on these depends the destiny of all. Happiness, success, pleasure, usefulness, all depend on carrying out correct decisions. The country needs men and women today. People of stamina and worth who are not afraid to face the momentous questions which must present themselves.

"We get in this world what we bargain for. The history of this state and of this nation shows what men may accomplish with lofty purposes, high ideals and energy. If we carry them out."

"A freckled faced boy with two dollars in his pocket went to his father and handed over one of them and left for New York City, and in response to an advertisement for printers went to the office of the Tribune and asked for a job. They didn't suppose he knew how to set type but he

JUDGE USED RUBBER STAMP; INVALIDATES PRIMARY ELECTION

**H. B. Sparks of Shelbyville
Loses Contest With
Bancroft**

(By The Associated Press)
TAYLORVILLE, Ill., May 26.—H. B. Sparks of Shelbyville, candidate for the legislature was defeated for the Republican nomination by Lincoln Bancroft, of Greenup, the present incumbent because a rubber stamp was used in placing the initials of one of the election judges on all ballots cast in Precinct Three in Shelbyville at the state primary April 11.

The decision was handed down by Judge Jett of Hillsboro in circuit court today. He held that the endorsement by initials on the back of the ballot must be in the election judge's handwriting to be legal, and threw out the entire vote of Precinct Three, which was 159 for Sparks and 36 for Bancroft. The throwing out of this plurality of 123 votes for Sparks overcame that candidates lead and resulted in the election of Bancroft by 20 1-2 votes.

EIGHT KILLED WHEN DYNAMITE EXPLODES

SINNAHONING, Pa., May 26.—Eight men were instantly killed and three others slightly injured today in explosions at the Gracell Chemical company plant which three loading houses were destroyed and another partially wrecked. Officers are enroute to Mobile for the prisoner. The police charge that Churchill is wanted at Champaign, Ill., Lansing, Mich., Lexington, Ky., and other cities in connection with the passage of worthless checks.

APPROPRIATION MADE TO FIGHT AGAINST CRIME

**Cook County Board
Sets Aside \$100,000
to Hire Attorneys**

(By The Associated Press)
CHICAGO, May 26.—Chicago authorities waging a campaign against organized crime scored another victory tonight when the finance committee of the Cook county board recommended an appropriation of \$100,000 to furnish ten special assistant states' attorneys to practice in eight new temporary criminal courts.

The passing of the resolution completed the program of State's Attorney Crowe and Chief of Police Fitzmorris to cope with the crime situation. This included the appointment of 1,000 extra policemen the opening of eight new criminal courts and the naming of ten special assistant states' attorneys.

Judge Miller will decide tomorrow whether to release on bond, "Big Tim" Murphy and Fred Mader, labor leaders indicted for murder in connection with bombing and the murder of two policemen in what the police term a labor war. Attorneys for Murphy and Mader attempted unsuccessfully today to force the state to reveal the evidence it had against the two men.

While the state tried to hold those already indicted, an unknown assailant whom the police believed to be implicated in the so-called labor war, invaded the downtown district, assaulted William Kramer, a painter, and pushed him from the thirteenth floor of a building where he was working. Kramer fell to the twelfth floor and received injuries that may prove fatal.

The police tonight were awaiting further information from Poughkeepsie, N. Y., where Frank A. Doran or Davis is under arrest. Chief of Detectives Hughes believes he may be able to give valuable information about Chicago crimes.

READJUSTMENT OF WORKING HOURS AT PACKING PLANTS

**Overtime is Now Paid Only
After Ten Hour
Work Day**

(By The Associated Press)
CHICAGO, May 26.—A readjustment of working hours which resulted in overtime being paid employees only after ten hours work a day, 54 hours a week instead of at the end of eight hours a day or 48 hours a week, has been put into effect in the past two weeks at the three large packing plants in Chicago—Armour & Co., Swift Co., and Morris Co.

Officials denied that the plan abolished the eight hour day in favor of a ten hour day explaining that the arrangement had been made with the approval of the employees in order to increase the earnings of the men thru equalization of the amount of labor done from day to day and by evening up the rush and slack periods.

Under the new plan it was said by company officials the men really will receive more money than if getting overtime after the eighth hour the reason being that heretofore when there was a rush a new crew of workmen would be put on when an overtime period was reached. The result was that many men worked only part time.

"It is the policy of the company to work as near the eight hour day and the 48 hour week as the peculiar conditions of the business will permit," said J. F. Gardner, consulting superintendent of Swift & Co. At all three plants overtime will be paid at the rate of time and a half for periods beyond the tenth or fifty-fourth hours and double time for Sundays and regularly observed holidays.

FATHER SHOOT ASSAILANT OF HIS DAUGHTER

**Negro Shot at Waco, Texas,
When Victim Recognizes Him**

(By The Associated Press)
WACO, Texas, May 26.—Quick death overtook a negro identified today by Mrs. Maggie Hays as the man who last night killed Harold Bolton, her escort, near here, and assaulted her, when Sam Harris, father of the young woman, sent seven pistol bullets into the negro's body a moment after Mrs. Hays had screamed "he's the man."

The shooting took place at the Harris home where the negro had been taken by captors for identification.

"Just say that Sam Harris killed him and let them put me in jail if they want to," Harris told neighbors. He was soon surrounded by shouting, gesticulating persons who sought to congratulate him.

The negro's body was sent to an undertaking establishment and 45 minutes later a mob stormed the place and dragged the corpse to the public square where it was burned while thousands of persons looked on. Then the body was tied to a truck and dragged thru the negro section, followed by a frenzied crowd. More than a thousand motor cars were dashed in and out of the negro district a few minutes after the killing.

Tonight the city was seething with excitement and at the request of local authorities a detachment of state rangers was sent here by state officials.

The negro whose name was not known was captured this afternoon by E. L. McClure, a telegraph operator and Harris' neighbor.

The negro whose name was not known was captured this afternoon by E. L. McClure, a telegraph operator and Harris' neighbor.

MIDDLE WEST IS WONDERFUL RICE SAYS

Chicago, May 26.—"The middle west, it is wonderful," declared Vittorio Rolandi Ricci, Italy's ambassador to the United States today while resting with his staff in Chicago after spending several days in the central states enroute from California to Washington.

"With its many farms, large industries and hard working, serious minded people the middle west offers to any man the golden opportunity," the ambassador continued. "I am proud that many of my countrymen have contributed to the development of this great district."

ST. LOUIS WANTS AIR MAIL ROUTE

TWO EMPLOYEES OF U. S. TREASURY OFFICE REMOVED

**Removal of Men Creates
Big Stir in Official Circles**

(By The Associated Press)
WASHINGTON, May 26.—The treasury remained intact tonight after a day of explosions in connection with the removal of A. D. Sumner, of Iowa, former deputy commissioner and Major C. C. Childs of Ohio, former supervisor of collectors. Both were appointees of Assistant Secretary Dwyer and were removed by Revenue Commissioner Blair, acting with the approval of Secretary Mellon and upon the recommendation of the fiscal department for the consolidation of the accounts unit with the supervisor of collectors office.

Carrying the signature of more than a dozen Ohio congressmen, a petition addressed to President Harding was presented at the white house today by Representative Foster, Ohio, regretting the dismissal of Major Childs and asking that his abilities be utilized somewhere in the government service.

Almost coincidentally Mr. Blair announced the suspension Samuel G. Patchell, chief payroll examiner of the accounts unit and Frederick Gellinger a clerk, pending investigation into the affairs of the unit. Investigation is being made. It was explained for the removal of papers from the office of Mr. Sumner after his dismissal which the bureau alleges were official and Mr. Sumner say are personal.

It developed that Joseph H. Shawhan, former assistant to Major Childs, had been transferred to Atlanta and E. P. Smith another assistant had been transferred to Boston.

Altogether officials were non-committal as to the progress of the investigation it was indicated at the treasury that further suspensions were possible before the incident of the removal of the papers would be regarded as closed by the bureau.

An unexpected factor was injected into the situation tonight by James P. Schock, of New Orleans, an accountant of the income tax unit detailed for special duty with the accounts unit which was under Mr. Sumner, who declared his room at a local hotel had been searched by someone whom he believed connected with the revenue bureau. He exhibited a room full of belongings turned over by him and asserted he had been followed recently.

Elmer L. Irey, chief of the special intelligence section of the bureau which is conducting the investigations declared he knew nothing of Schock and took occasion to deny reports current in Washington that the bureau was probing into political and religious connections of employees.

INDUSTRIES SHOW LITTLE IMPROVEMENT

(By The Associated Press)
CHICAGO, May 26.—Manufacturing industries considered as a whole showed little further improvement during April the total volume of employment increasing by less than one percent according to the United States survey of 65 large industrial centers, while for the seventh federal reserve district alone, the gain as registered by firms reporting directly to this bank amounted to slightly more than one percent. This leaves out of consideration the unemployment by the strike, which apparently has had little effect on other industries.

The metals and machinery and construction industries show continued improvement while the decreases were confined in the main to food, knit goods and wearing apparel, and the leather industries are of a seasonal character. The largest decrease in the district was reported by railroad repair shops where about 1600 men were laid off.

In the automobile industry conditions during April were still improving. A high rate of labor turnover in Detroit accompanied the increase in industry there.

There is the possibility that the ministers who are replying from their pulpits to Conan Doyle and his view of heaven are giving the spiritualistic writer more advertisement than he deserves.

The testimony of Dr. Evans is that Jacksonville and Morgan county have an opportunity for real accomplishment in the health program which is starting. Probably no man in Illinois is better fitted to give an opinion on this subject.

Attorney General Daugherty's best answer to his critics with reference to the prosecution of the cases is the fact that he is taking personal charge of the cases. This action of the attorney general comes after a sincere effort on his part to have some lawyer of national prominence undertake the prosecution. The score or more men who were asked to do the work declined.

It is a fine thing to note that preparations are under way for the proper observance of Decoration day in Jacksonville. The committee in its planning is finding active interest and willingness to cooperate for the observance of this day, which is more sacred with each passing year.

There was a time when the public seemed a little careless about Decoration day and its meaning, but when the world war came along, with it came the impressions which brought more forcibly to mind the war of earlier years and sacrifices that it entailed.

Five days of the campaign for Our Savior's hospital have passed and the total contributions are nearly \$7,000 below the goal. However, there is nothing in this situation to discourage the campaign managers, and liberal contributions are expected today. There have been some unavoidable delays in reports from some of the workers, but doubtless all these reports will be filed before 12 o'clock tonight.

Should it chance that the full

\$25,000 is not subscribed today, the campaign committee will no doubt determine that the goal is reached. When it is kept in mind that the hospital building cost \$250,000 and that \$50,000 additional is needed for equipment, \$25,000 is a very modest request to make from the people of Jacksonville.

That was an inspiring sight that greeted the great audience at Jacksonville high school last night, when more than eighty graduates were accorded the honors of the institution. There is something marvelously appealing about such a group of young people, and everything in connection with the program last night carried its suggestion that the facilities of the Jacksonville high school are appreciated.

The boys and girls of Jacksonville are entitled to the best there is in public educational facilities, and certainly every dollar expended along such lines is a real investment.

The Chamber of Commerce of Jacksonville has concluded a year of work and the officers who served efficiently during the first year have been re-elected. This is an honor for these men—an endorsement of their good record—but that honor carries a penalty with it for to fill these offices capably means personal sacrifice of time and effort.

Not everything aspired to has been accomplished in the 12 months, but certainly there have been substantial results in which President Rowe, his associate officers and the members of the organization have reason for satisfaction.

Aside from physical things, the Chamber of Commerce has made a large contribution to the spirit of Jacksonville, and business men and citizens generally are working together in a way that, if continued, is very certain to bring further good results.

THE FORD STORY

Henry Ford in collaboration with Samuel Crowther in the June McClure's tells the story of the development of his business.

One paragraph sums up the marvelous growth of the Ford plant.

"The '999' built in 1903, did what it was intended to do. It

advertised the fact that I could build a fast motor car. A week after the race I formed the Ford Motor Company. I was vice-president, designer, master mechanic, superintendent, and general manager. The capitalization of the company was one hundred thousand dollars and of this I owned 25 1-2 per cent. The total amount subscribed in cash was about twenty-eight thousand dollars, which is the only money that the company has ever received

for the capital fund from other than operations. In the beginning I thought that it was possible, notwithstanding my former experience, to go forward with a company in which I owned less than the controlling share. I very shortly found that I had to have control and therefore in 1905, with funds that I had earned in the company, I bought enough stock to bring my holdings up to 51 per cent, and a little later bought enough more to give me 58 1-2 per cent. The new equipment and the whole progress of the company has always been financed out of earnings. In 1919 my son Edsel purchased the remaining 41 1-2 per cent of the stock because certain of the minority stockholders disagreed with my policies. For these shares he paid at the rate of \$12,500 for each \$100 par and in all paid about seventy-five millions."

ROTARIANS GUESTS AT SCHOOL FOR DEAF

Club Members Entertained by Col. O. C. Smith Friday Noon — Interesting Program Presented by Pupils of Institution.

Members of the Jacksonville Rotary Club are indebted to Col. O. C. Smith, one of the club members, for a splendid dinner and a most interesting program. The club held the regular weekly meeting at the school for the deaf yesterday by invitation of Col. Smith.

The dinner was served in the second floor corridor of the main building. The tables were decorated with Rotary emblems and the flowers, together with other special decorations, were in the Rotary colors of blue and gold.

The Rotarians easily recognized that Mrs. Smith had charge of the table arrangements and were unanimous in expressing their approval. A printed program at each place served as a souvenir of the occasion. The neat little folders were in the Rotary colors and the Rotary design on the cover was a production of the art department of the school.

There was a mass singing just as the dinner began and after the final course adjournment was taken to the chapel of the school building. There Col. Smith explained that his purpose had been to invite Rotarians to the school in order to give them some first hand knowledge of what is attempted in the school curriculum. He expressed the view that most Jacksonville business men are not familiar with the inside life of the state institutions, that are located here. Col. Smith said that the program was simply an excerpt from work regularly done with the boys and girls.

The program as given was by boys and girls from physical culture classes who have had as instructors Miss Sollenberg and Miss Collins. The following was the order of exercises:

Lullaby.
Free exercises.
Club swinging.
Bow and arrow dance.
Highland Flings.
Tumbling.

The first number was by little girls from 6 to 8 years old, each carrying a doll. They went thru the exercises with rhythmic step and motion, a piano accompaniment being played for this as for all other numbers on the program.

Older boys and girls appeared in the other numbers and in each instance the Rotarians marveled to see that these boys and girls without hearing respond so readily to the appeal of music and keep time in a way which would be entirely creditable to boys and girls with perfect hearing.

At the conclusion of this program, on motion of Dr. Harker and with a second by every other Rotarian present, a vote of thanks was extended to Col. and Mrs. Smith for the pleasure the occasion had given.

The Rotarians all said that there was reason for pride in the work that is being done for these boys and girls by Colonel Smith and the members of the faculty.

The boys and girls who appeared in the different groups were as follows:
Model Free exercises from the Chicago Turnfest, 1921 — Lawrence Clark, Harry Cooperman, Chester Crabbe, Lloyd Danforth, Thompson Darling, Harold Ford, William Johnson, Louis Massinkoff, Orvil Nail, James Neighbors, Parke Quinn, Rudolph Tillman.

Bow and Arrow Free Exercises — Stanley Bondick, Leonard Dillard, Walter Maack, Walter Mangen, Ralph R. Miller Stanley Rickards.
Tumbling — Walter Bogucki, Lawrence Clark, George Grady, Frank Guzzardo, Victor Guzzardo, Harry Jones, Alois Klinner, Roman Luck, Cecil McNinch, Orvil Nail, Stanley Rickards, Joe Terando.

Lullaby — Elizabeth Sulich, Gladys Greene, Ruth Johnson, Evelyn Hise, Laura Slovey, Audrey Early, Helen Belcke, Margaret Hackett.

Indian Clubs — Opal Bradley, Christine Hartel, Dorothy Haber, Edna Dirks, Mae Adcox, Hulda Vranainen, Cleo Lawrence, Katie Glacherio, Marie Greenwood, Frances Homaghouse, Highland Flings — Freda Bankendorf, Dorothy Hart, Lucy Siriani, Susie Bencur, Leah Adams.

After the program the Rotarians, together with all of the children, stood in front of the main building for a group picture.

GRADES WERE GIVEN OUT FRIDAY

Friday morning was the long awaited time for the students of the High School. The strenuous period of anxiety following examination days came to an end when the grades were given out by the faculty yesterday morning. To be sure one could read various expressions on the faces of the students, some denoting success and others failure. The Seniors, busily engaged in preparation for the exercises in the evening, seemed a jolly bunch, excepting when the throats of the passing "golden rule boys" flitted thru their minds.

The three students ranking highest in the class of 1922 are:

Elizabeth Scott, daughter of Dean and Mrs. G. H. Scott of 830 Grove street.

Frances Griswold, daughter of Dr. and Mrs. Harry L. Griswold of 609 West State street.

Vernon Scholfield, son of Mr. and Mrs. Thomas E. Scholfield of 910 South Clay avenue.

THE DAILY VACATION BIBLE SCHOOL

The following additional facts are given concerning the Daily Vacation Bible school which is to be maintained in Jacksonville from June 5 to June 30:

A Daily Vacation Bible School is a school into which children from four to fourteen years of age are gathered under competent teachers and taught religion by precept and practice.

A Daily Vacation Bible School is the unique summer educational ministry of the Church for the children and the community. It is free for all.

It converts the idle time of children into moral and religious training.

It fosters patriotism. It develops the devotional life. It stores the memory with Biblical passages.

It teaches the great hymns of the Church.

It creates a love of the Bible thru its stories.

It creates missionary interest. It trains the muscles as well as the mind and soul.

It helps overcome the present handicap of limited time for religious instruction.

It has a present and potential value that outruns the comparative small expense and makes for the happiness of every person who shares in its abundant life.

WILL BE PRESENT AT CORNERSTONE LAYING

Elmer Henderson, Commander of Local American Legion Post, to Go to Bloomington Today.

Elmer Henderson, commander of the Jacksonville post American Legion, is planning to go to Bloomington today, when the corner stone of the McBurnes Memorial hall is to be laid. National Commander Hanford MacNider of the American Legion is to be the first speaker on the program.

Following Commander MacNider, there will be speeches by C. E. Wellman, Illinois department commander of the Veterans of Foreign Wars; then O. E. Carlsrom, national commander of the United Spanish War Veterans; then John W. Thompson, a leader of the World War Veterans. The last speaker will be Judge Cochran, of Sullivan, past state commander of the G. A. R., widely known as an orator.

Honorary layars of the cornerstone will be the local commanders of the different soldier organizations. A mechanic will do the actual laying of the stone, and the G. A. R. ritual will be used.

Extensive preparations have been made for the parade which will move at 2 o'clock. The McBurnes Memorial hall when completed will be used as state headquarters for the American Legion.

SPECIFICATIONS ARE APPROVED

Get Plans for Proposed Boulevard Lighting on East State Street.

The Boulevard Light Committee met yesterday afternoon in the Chamber of Commerce rooms and approved the specifications submitted to the committee for the installation of 31, type D, 10-foot star, concrete ornamental lighting posts at a cost of about \$1.30 per foot, installed and ready to be lighted. These posts are to be placed subject to the approval of the property owners on East State street and continuing on the north side of the street to Illinois Avenue, and beginning on the east line of Alley D. on the south side of East State street and continuing to Illinois Avenue.

Quite a few of the property owners that have been interviewed have signed the petition asking that this matter be brought before the board of local improvement. Committee is still interviewing people in the attempt to secure a large number of names on the petition. In the event of this being approved by the board of local improvement and the work of installation being completed, the property owners will have ten years in which to pay for this improvement, which will greatly benefit the appearance and value of the property along East State street.

The cost has been estimated as low as possible and at the same time will assure a first class boulevard lighting system. As soon as the property owners have been interviewed the committee will present the petition to the board of local improvement for its consideration.

COMMENCEMENT AT
JACKSONVILLE HIGH

(Continued from Page One)
asked for the chance to try it, and at the end of the day it was found he had set more than any one else. He persevered and in years became the editor and proprietor of the New York Tribune, and some of you voted for him for president and perhaps you might have done worse.

"You have been studying many text books, but remember the Bible is the greatest text book of all. In whatever we do we want to be thoroughly genuine. America, always being honest. The soil of a circuit rider was elected to a legislature, his aged mother as he was about to leave bade him kneel with her while she prayed that he might be honest and upright. He had an offer of \$5,000 cash to vote for a certain measure, but refused and the state honored him repeatedly.

"Have an aim in life. Watch the golden opportunity, seize it and the victory will be yours, and with honest true hearts you will succeed in life."

Superintendent Perrin then presented in a few well chosen remarks the class to Dr. C. E. Black, president of the board.

Dr. Black said he felt a peculiar interest in the high school. His wife and himself and his children have graduated from it. When he graduated the high school occupied but four rooms in the Washington school building. He held the contrast! Then there were four academies in the town. Today there are none, the high school doing the work of all. Thanks are due to a generous public for such a building. Our school has the best faculty and ranks among the first in the state. The school well ranks high and represents the ideas and wishes of the people of Jacksonville.

The diplomas were then presented to the following:

William Hicks Passed Away Friday Evening After Brief Illness
—Other Winchester News Notes

Winchester, May 26. — Many will be surprised to learn of the sudden death of William Hicks, which occurred about 6 o'clock Friday evening at the home here. The deceased was seated at the supper table and suddenly became ill, his death coming almost instantly.

Mr. Hicks had not been in robust health for a number of years past. A year ago he had a severe fall and had never recovered from the effects. However, he had been able to engage in light work and had been employed recently in mowing the cemetery.

Surviving are the wife and the following children: Ed, living at home; Mrs. George Haymaker, Versailles; Mrs. Frank Hicks, Roadhouse; Mrs. Wesley Henson and Mrs. Marion Groce, Winchester; Asa Hicks, Pike County. There are also several grandchildren surviving.

Coroner Webster empanelled a jury to inquire into the cause of the death and the inquest was held late Friday evening. No arrangements have yet been made for the funeral.

News Notes.

Miss Pearl Rockwood of Bluffs is a guest of the Misses Burbank on North Main street.

Miss Cecil Davis of St. Louis was a guest at the home of Mr. and Mrs. Claude Thomas Thursday.

Corwin Mason and bride of Springfield arrived Wednesday to visit his grandmother, Mrs. Robert Mason, and uncle George Jwines.

Miss Mildred Funk, who has been teaching school at Franklin the past term, has returned to her home here for the summer vacation.

A Shakespearean reading "Macbeth" was given by Miss Alma Jarrel of Peoria at the Baptist church Thursday evening. The entertainment was arranged by the juniors of the high school and he proceeds will be added to the class fund.

Winchester Encampment No. 19, I. O. O. F., entertained the Jacksonville encampment Thursday evening at 6 o'clock dinner, at Odd Fellows hall. The menu consisted of baked chicken, mashed potatoes, dressing, gravy, salad, ice cream, strawberries, cake and coffee.

Mayor Carl Miller welcomed the Jacksonville members and general brief talks were given by visiting lodge members. At the close of the dinner came a pleasant social time, followed by degree work.

Mrs. Henry Keihl was reported not so well Friday.

George W. Hogan, assisted by J. W. Hubble of Jacksonville, settled the fire loss of Mrs. John Whewell, whose large barn south of Lynville was destroyed by fire recently. The loss of Otis Whewell was also adjusted, a quantity of hay, grain and harness belonging to him having been destroyed along with the barn.

Ernest Rueter lost two head of valuable thoroughbred cattle Friday evening, when they were struck by lightning at the Reuter farm two miles from Winchester. Two other animals were badly damaged by the lightning stroke.

SCHUPP WINS GAME FROM ST. LOUIS TEAM

Was Wild But Steady in Pinches—Struck Out Williams Twice With Man on Third Base.

CHICAGO, May 26.—Chicago defeated St. Louis 2 to 1 today in a pitcher's duel between Schupp and Bayne. Schupp, altho wild pitched well in the pinches striking out the hardhitting Williams twice with runners on third base, and might have registered a shut-out, if Sheely had not tossed the ball wild to McClellan in the 6th inning which enabled Sisler to

DOUBLE BILL SPLIT BY CUBS AND REDS

Cubs Win First and Lose Second—Recruit Wins Second Game For Reds.

CINCINNATI, O., May 26.—The Reds and Cubs broke even in a double header today. Chicago won the first game 5 to 2 Cheever outpitching Rixey by a wide margin. In the second game Keeshk a recruit from the Western association making his first appearance in the big league, held the visitors to four hits and beat them 2 to 1. Maisel was hit in the head by a thrown ball in the first game and forced to retire but was not seriously injured. Umpire O'Day ejected Manager Killifer and Coach Duguey from the field in the second game for loud talking from the bench.

MARKET RESUMED
UNCERTAIN MOVEMENT

By Associated Press.
NEW YORK, May 26.—Recent
conflicting and uncertain move-
ments in the stock market were
resumed today. The trend among
leaders and investment shares
was upward, chiefly on large
dealings, to which the shorts
made enforced contributions.

Quotations for freight rate reduc-
tions and lower prices quoted for
some essential commodities seem-
ed to exercise less adverse influ-
ence and efforts of bear cliques
to depress quoted values on the
utterances of the British premier
met with indifferent success.

Secondary or low priced rails
again led the transportation list
to materially higher levels.

Steelmakers were strong. Sales
amounted to 1,250,000 shares.

Call money opened and renew-
ed into next week at 3 1/2 per cent,
rising to 4 per cent, at midday
and five per cent. in the last half
hour the advance being attribut-
ed to call of loans by local banks.
Time rates were unchanged but
available supplies for the longer
maturities were small.

Brokers reported moderately
heavy sales of calls on London
for speculative account following
the receipt of cables outlining
Lloyd George's speech on events
at Genoa.

Liberty Fourth 4 1/8 scored a
new maximum at \$100.36, but
fell back under par before the
close and the tax exemption 3 1/8
again rose well above par.

Total bond sales (par value)
aggregated \$15,737,900.

GOOD PROGRESS IS MADE IN CAMPAIGN

Solicitors in Our Saviour's Hospital Campaign Did Excellent Work Friday—Total is Now Nearly \$18,000.

Good progress was made Friday in the drive for \$25,000 to equip the new addition to Our Saviour's hospital. At the close of solicitation Friday evening the various reports showed that over \$3,500 had been pledged in addition to three more pledges for rooms.

Special contributions were received from several sources yesterday. They were Illinois Woman's College, McCarthy-Gebert cigar factory and the Rothschild Clothing Co.

This is the last day of the drive and the solicitors will go forth this morning with renewed vigor to complete the total required. The total amount shown Friday evening was \$17,723.00. Those in charge of the drive feel that while the task is a big one it will be brought to a successful culmination today. The special pledges and additions to the totals of Thursday are given here—

ROTHSCHILD FACTORY STEADILY GROWING
That the Rothschild Clothing factory is to become one of the real commercial assets of the town is no vain dream. Already sixty persons are working full time at the factory, it being predicted that one hundred will be employed by fall.

The plant already feels the need of more room, three times the present business would be handled if the capacity of the plant was sufficient to the demands. Doubtless within the next year, the public may look forward to the erection of a large factory building here, which will have several hundred on the pay roll, and whose total assets will run up into the thousands.

Miss Anna Ring of Winchester was a shopper at the factory yesterday.

CLUBS AND SOCIETY

School Children Picnic
The children of the sixth grade of the Washington school enjoyed an all day picnic yesterday at Nichols Park. The children went to the park in the morning and spent the day on the playgrounds having a royal good time. At noon a fine picnic dinner was served with all the good things to eat imaginable. Miss Margaret Spencer is the teacher of the sixth grade and planned the picnic for the children.

Give Informal Dance.

Mr. and Mrs. Walter Schragg entertained at an informal dancing party last evening at their home on Grove street. About eight couples were invited and the evening hours were pleasantly spent in dancing. Garden flowers were used in attractive house decorations and during the evening the hostess served delicious refreshments.

Mrs. Osborne Hostess at Bridge.

Mrs. Mary Osborne entertained at a bridge party given yesterday afternoon at her home on Caldwell street in honor of Miss Willa Miller, who is to become the bride of Wood Phillips, and Mrs. Harlan Williamson, whose recent marriage was an event of the winter season. Several tables of bridge were made up and the afternoon spent in playing. A dainty luncheon was served at the close of the cards. The guest list included only the immediate friends of the guests of honor.

Entertains "W. A." Club

Miss Louise Hodapp entertained the members of the "W. A." club last evening at her home on South Diamond street. A very enjoyable time was spent by all present, delicious refreshments being served at a late hour. Thursday the members held open meeting in the form of a picnic at Nichol's Park.

High School Senior Banquet.

The members of the graduating class of the high school had a banquet last evening at the Peacock Inn after the commencement exercises were over. This was the last social event of the year for the class and about eighty-five were present, including the members of the class and Miss S. M. Kent, the class advisor.

The banquet was served in the Blue room of the Inn and the tables were decorated in Yale blue and white, the class colors. Spring flowers and pretty place cards carried out the color scheme and made the tables more attractive. An informal toast program was given after the serving of the menu and Albert Arter acted as toastmaster. Those who responded to toasts were: Miss Josephine Milligan, Lee Goebel, Reginald Reid and Clarence Wilson. The committee in charge of the banquet included Ruth Wilkinson, chairman, Frances Griswold and Clarence Wilson.

Picnic for Miss Haigh.

A number of friends of Miss Fern Haigh gave a picnic in her honor at Nichols Park Thursday evening. This was a sort of farewell party as Miss Haigh plans to leave soon for an extended trip in the west. There were about eight in the party and they went out to the park late in the afternoon and at six o'clock a delicious picnic supper was served. Those in the party included besides Miss Haigh, Miss Ruth Henderson, Miss Ethel Shortridge, Miss Helen Carlson, Miss Eula Harshaw, Miss Amelia Carlson, Miss Florence Rice and Mrs. Lucile Crawford.

Hostess to Guild.

Mrs. Ellsworth Black entertained the members of the Young Women's Guild of the Congregational church yesterday afternoon at her home on Lockwood Place. This was the last meeting of the year and plans were made for the work next fall. The sewing for next year's bazaar was given out to the members so that they may work on the articles during the summer months. After the business session a social hour was enjoyed and the hostess served dainty refreshments.

Entertain in Honor of Dr. and Mrs. George E. Baxter.

Mr. and Mrs. William Barr Brown entertained at an informal musical given last evening at their home on West State street in honor of Dr. and Mrs. George E. Baxter of Chicago, who are guests in the city at the home of Mr. and Mrs. H. H. Bancroft. A limited number of guests were invited to meet Dr. and Mrs. Baxter and a delightful musical-literary program was given. Those who contributed to the program were: Miss Edna Sheppard, Mrs. A. R. Gregory, Mr. Edmund Munger, Mrs. Helen Ayers Bullard, Miss Carrie Dunlap and Mrs. P. C. Thompson. Mr. William E. Kritch and Mr. Clayton C. Quast. Certainly such an array of musical talent could not be assembled in many cities.

While the members of the company thoroughly enjoyed the program as arranged, the demand was insisted that the hostess herself should sing and Mrs. Brown, always an artist, responded with two selections.

The Brown home had been made the more beautiful for this event with garden flowers of gorgeous coloring and in varied ways generous hospitality was extended to the guests.

PAVING HEARINGS HELD BY BOARD

Board of Local Improvements Heard From Property on North Main and East State Streets — Hearings Continued.

The Board of Local Improvements has been busy the past two days with hearings for improvements. On Friday the board heard from property owners in the proposed paving of North Main street from North street to the Wabash railroad.

This project calls for a brick pavement and also the widening of the street on both sides. This would make a pavement 38 feet in width which is badly needed when the traffic on the street is considered. H. K. Snyder, E. H. Doolin and F. J. Andrews Lumber company were represented at the hearing, the Andrews company being represented by Joseph Jackson. These properties probably represent a majority of the frontage. The owners at first objected but later the objections were withdrawn and the board took the matter under advisement until Monday afternoon, May 29.

Yesterday afternoon the board heard from property owners of East State street from the Chicago and Alton railroad to Johnson street. This is known as Paving project No. 3 and calls for a brick pavement.

Quite a number of property owners were present and most of them objected to the pavement. There seemed to be some difference of opinion as to the kind of pavement and its width.

After hearing from all of the owners and a general discussion of the question the board adjourned until June 6, at three o'clock, in order to give the property owners an opportunity to decide upon the kind of pavement wanted.

DOES NOT FAVOR STATE INCOME TAX

B. W. Snow Famous Statistician Gives Figures to Prove Tremendous Tax Increases.

B. W. Snow, who is prominent as a statistician in the grain trade, is opposed to a state income tax as proposed in the new constitution. Mr. Snow said recently that if the proposed tax were to be used instead of the present property tax he would be in favor of it, but he opposed the plan of granting the legislature the privilege of imposing a state income tax in addition to the present property tax.

Mr. Snow has figures to show that it now takes the earnings of one day in every week, four and two-tenths days in every month of the gross earnings of the people to pay the tax bill for national, state, county, township and municipal expenditures.

People generally realize that taxes have increased in a tremendous way but probably few of them realize that the total taxes paid in the country have grown from a little over \$4,000,000,000 in 1911 to nearly \$35,000,000,000 in 1921. This increase is out of proportion to the earnings of the nation, which during the same period increased only to \$50,000,000,000 from \$34,000,000,000.

The Chicago & Alton railroad is now facing a serious problem in the matter of fuel for the locomotives, as the supply stored at various points is decreasing at an alarming rate.

MISS MACKNESS HERE FOR VISIT

Miss Carrie Mackness of Waukegan, Illinois, arrived last night for a visit with her parents Mr. and Mrs. Charles T. Mackness of West College avenue.

R. C. Watson and family of Quincy, were callers in Jacksonville Friday. They had been visiting in White Hall and were enroute home. The trip was made in their Nash car.

Mr. and Mrs. Oscar Castleberry of Winchester were among Scott county residents who called in the city on Friday.

Girls of the freshman class Friday evening at the home of Miss Margaret King Moore, 856 West State street. It had been planned to have a garden affair but the rain necessitated change of plans and the guests were entertained in the parlors of the Moore home.

It was a "circus" party and each girl present wore a costume suggestive of the circus and was required to put on some "stunt." The result was very amusing and varied program. Refreshments were served during the evening and these too were in keeping with the circus idea. The affair was planned by a committee including Misses Irene White, May Hoopes and Mary Louise Fry.
